

Policy for Club Equipment

- 
- All equipment should be checked each time it is used.
 - All equipment should be rinsed after use whether it is used in the sea, swimming pool or river.
 - All equipment should be replaced in the containers where it is meant to be.
 - The equipment used by any paddler is their responsibility, to clean and put away.
 - If any person finds a fault with a piece of equipment they must report it to the Kit Officer or any available member.
 - The kit officer will thoroughly check all the equipment every 3 months.
